FACILITIES AND PROPERTY MANAGEMENT

Two Roles, One Mission: Balancing Ownership & Business Operations

Most property managers focus on the building. Most operations managers focus on the business inside it. I did both, at the same time.

Managed both the physical assets and business operations for 6 properties personally owned by CEO and COO, balancing owner priorities with the needs of a fast-paced insurance operation.

Over the years, also directed daily operations, build-outs, moves, etc. for 20+ rented office locations, with a maximum of 13 offices in operation at once, ensuring real estate assets and the business were at their peak performance.
